- Roma Hills 4 available

Las Vegas valley's leading luxury custom home builder, Sun West Custom Homes, is celebrating its 30th anniversary by introducing the entry of another extraordinary home into the 2008 Parade of Homes. Daniel Coletti's increasing reputation as Sun West Custom Homes' Residential Designer has once again achieved new heights by creating another stunning show home.

This lifestyle enhancing design delivers a fresh and unique approach to fine living. Nestled in the mountains of MacDonald Highlands, this home's dominant theme is one of sophisticated elegance with a contemporary Asian style, one that is in harmony with its setting and surrounding. Sun West Custom Homes' trademark dissolves the line that normally exists between indoor living and the wide open spaces of nature and allows the ambiance of the Sierra high desert to fill this intimate enclave.

Sun West Custom Homes has once again focused its energies towards creating a home that can only be described as a graceful execution of the highest levels of quality design and attention to detail found in the valley. Along with a construction philosophy that only uses state-of-the-art building techniques and materials that emphasize permanence and durability, this extraordinary house is the cumulative effort of 30 years of design experience and building technology.

Sun West Custom Homes is proudly presenting a house named "Tranquility" in the 2008 Parade of Homes located in MacDonald Highlands. We cordially invite you on April 18th-20th and 25th-27th and May 2nd-4th 2008 from 10:00-6:00pm, to view this beautiful show home and personally meet Daniel S. Coletti, President of Sun West Custom Homes.
